TO THE TRADE

We want to thank our valued customers for their repeated orders and hope we may help supply your needs in the future.

LOCATION: On the Eastern Shore of Delaware, one mile south of Millsboro on the famous DuPont Highway Route 113.

PHONE: Millsboro 4591 day or night.

TRANSPORTATION: Please indicate how you prefer shipments made, otherwise we will ship Railway Express. We will not be responsible for damages or delays in transit.

HARDINESS: When mentioned it applies to this section only. Our winter temperature seldom goes below 10 degrees but almost all of these plants withstood 0 degrees about 2 years ago and were not injured.

TERMS: 2% discount for cash and Net 30 Days. A deposit of 25% is required on all C.O.D. orders. Packing is free on all Lining-Out-Stock.

25 Plants at 100 Rate.

We accept all orders subject to crop conditions and will void same if injury should befall our stock from conditions beyond our control. We offer no warranty expressed or implied. Purchaser assumes all responsibility. We are careful to keep varieties true-to-name as labeled and will replace upon proper proof, any stock proven to be otherwise, but will not be liable for any amount greater than the original purchase price. Claims must be made within 15 days after receipt of stock.

BALLED AND BURLAPPED STOCK: All is priced **PER EACH**. For 5 plants or over a reduction of 5% may be taken. We do not ship B&B stock crated or boxed by Common Carrier. All stock for shipment is sewed.

— ROOTED CUTTINGS —

Rooted cuttings are an economical and very satisfactory way of building up your stock. First your initial cost is low and if ordinary good nursery practices are followed a satisfactory crop will result. For best results we urge they be planted where water is readily available and under some kind of partial shade for the first year. We usually ship during May but some items listed below are available for immediate shipment. Rooted cuttings will not be shipped, regardless of season until we feel they have a satisfactory root system for successful transplanting.
